

## TYRONE WEBB

### Founder - President - Editor

Since his personal revelation about the Hebrew Israelite way of life in the 1970's Tyrone has sought to enlighten and engage others through a variety of methods. In 2014 he created an online website and magazine called *Hebrew Israelite Nation Times (HINT)* to continue his quest to encourage dialogue and communication worldwide. It provided a new and unique platform to create an open forum to examine and explore the State of a Nation, the Lost Sheep of the House of Israel scattered throughout this world, and the need to restore its relationship with the God of our forefathers, the God of Abraham, Isaac and Jacob.

By 2023 over 23 editions of the magazine have been published, and the website and Facebook page inform and inspire dialogue to hopefully compel the reader to become empowered to create positive change in our world. Contributors to HINT range from faith leaders, educators, community advocates, political leaders and others who present broad and diversified perspectives.

Additional accomplishments and contributions include:
